

Oh, my gracious, yeah. Yeah, I remember in my time when I was a kid, you used to go from here to Collinsville and there was very few houses that you could see, between here and Collinsville. Just a mighty few.

(Just a minute.)

You can just keep that if you want to. You turn right down here.

(Well, it settled up a whole lot in your time.)

Oh, yeah. Yeah, it has.

(Why, you can remember it when there wasn't any main roads through here.)

Oh, yeah. I can remember there wasn't no highways except, I can show it to you.

(This was all Indian Country through here at one time--)

Indian, I guess.

INDIAN TOWNS

(I guess this Oolagah is an Indian name. By the way, what does that mean?)

Well, I don't know. My grandpa knows but I don't.

(Let's see you have another Indian name.)

Yeah.

(Talala is an Indian name.)

Yeah.

(Watova was an Indian name. Nowata, that's an Indian name.)

Yeah.

(Yeah, I'd like to find out what these Indian names mean.)

If you don't know--well, if you don't know some full-blood, why he could tell you. He can tell you all of them, Oolagah, Talala, Sageeyah, Watova, Delaware.

(Yeah.)
