

No, they weren't down in this area. They were around Webber Falls somewhere out in that area.

(Yeah. And let's see the Robbins, were they one of the early day families?)

Who?

(Robbins. I've heard of that one.. The Lowry.)

Well, I don't know of a Robbins or a Lowry...(static)...His mother was Starr before she married Mr. Barnes.

(Yes.)

He's the only one that generation living here.

(That is 80--91. Then he would probably be the oldest in the country then.)

He is.

PARENTS COME FROM GEORGIA

(He from--Is your daddy--his folks did they come from Georgia or North Carolina or did they come--?)

His granparents.

(They came from the east then.)

(tape skip)

--our parents...(not clear)...Boys do things here, but I'll swear they're cutting things up.

SCHOOLS--YOUNGER BEND--OUTLAWS

(That's right. They keep changing every year. With the school outside there must have been a lot of children of people.)

Used to be a lot of people live here before the flood. Live around here in the bottoms. And Nowata school is off down there was in this district too.

(Yeah.)

Used to be a lot of people down there, school.

(Then Porum would be the closest school now.)

Yeah, I guess it is.

(For this whole district in here.)
