

And..so he, Bill Butler, then hid out for years, you know.

(Yea.)

Because he didn't want to get arrested. 'Course, I don't know. He went way out west somewheres. And stayed out there a long, long time.

(Will Butler killed John Butler)

Yes.

(Well, my goodness.)

John Muskrat, I mean. John Muskrat. 'Cause he had his picture here. I meant Muskrat. Mother, she was a Muskrat.

(Well, I guess, there were a lot of good and a few bad people in those days...

(words not clear)...Some of 'em go wild, I guess.)

Yeah.

(Oh, I guess, this part of the country probably has as much history as anywhere. This is where the Indians first started settling. Now the Senecas had land north of you here, didn't they?)

Yes. They were in where my son's working. Over there about Wyandotte.

(Wyandotte and around Turkey Ford)

Yeah, Turkey Ford.

(End of Interview)
