She was married to a man by the name of James Blindy. And then the boy is Angus Blindy. And then they had another boy, Chester. And they had a daughter, I don't even know what her English name was.

(What was her Indian name?)

That, I don't even remember--oh! Woman-Walking-First. That was her Indian name. And then she married Wilbur Tabor.

(Is he Arapaho.)

Arapaho. And then they had boys. One's name is Oscar. And the other one's name is Charles. And then they had another boy that got run over by a train.

(What was his name?)

Well, I don't know what his English name was, but his Indian name was Cloud-Coming-Up. And then they had a daughter. Her name was Edna.

(Their last name would be Tabor, now--Oscar and Charles, Edna-- Now are those all of Lydia's children that you know of?)

Yeah.

(What about Moses Sitting Bull?)

He died when he was young, and also Joe--he died there at Cantonment. He was just a kid.
