

and she wanted to be buried where she started her missionary work. From that church she built that place up and that was done through the society. Well, whenever she was getting pretty low, well she donate 15,000 (dollars) to I think the church. And where that money went I don't know. They never did find out where that money went and who got the money and..They say the society people got it, and then they just close that church. They said that there wasn't enough members going to that church. And that's how come they closed that church.

(Who were the society people?)

I guess the Baptist or the Society Baptist are the ones got it. So they sold the church and there ain't no church there but just the cemetery. That's all there is there.

BOARDING SCHOOL EXPERIENCES:

(When did you first attend Rainy Mountain Boarding School?)

Oh, I don't know. Well anyway, I must be about eight years old I guess, or somethin like that. Or either I must be awfull young when I went to school. I just went to visit a cousin that was going to school. And we mostly you know, was just raised together, and I've always want to be with her. Well, I didn't know she was going to school. My mother and my dad didn't had to take me into school. I just went on down there with some of our folks and I went down there to see that girl. They say that she's going to school, so I went to visit her and she begged for me to stay and so I stayed. So I thought to myself I'll stay for a few days and then I'll go back. Then when the time came, well I was already in school. So I just stayed there and never did go back home.
