

(O.K. Let's go back to Annie. How many children did she have?)

Annie Berry? She had--the oldest girl was Jeanette. Jeanette Mopope. She was married to a Mopope boy. Now they commenced to get mixed up with Apaches. Tennison Berry's Apache.

(Does Jeanette have any brothers or sisters?)

Yeah. There's Jeanette and then another girl--I forgot that other girl's name, but then Philemon comes in.

(O.K. But there's a girl before Philemon?)

I don't know which one was first. Seems to me Philemon was.

(Are there any others that you know of?)

No. The other one is Adolphus Coombi's wife--next to Jeanette, I think.

(O.K. That's three children for Annie and Tennison.)

They've got a lot of grandchildren.

(Maybe I'll get them another time.)

Yes.--you'll get them much easier from those Apaches.

(What about Nellie Jones--have you kept track of her children?)

I know part of them, I think.

(Her husband's name is Jimmie Jones?)

Jimmie Jones. Jimmie Jones, Senior, and then the first son is Jimmie Jones, Junior. Then Eva--Eva Jones. Then there's another girl--I used to call her but I done forgot. I haven't seen them girls for over fifty years and I forgot their names.

(Would you call them your neices?)

Well, one of the boys' names was Duke. Yeah, there's another boy besides Jimmie, Jr. Duke. Duke Jones. And Walter Jones. I don't know whether them boys are living or not--it's been so long since I see them.

(What about Maggie Smokey?)

She had some children before she married Enoch. She was married before.
