

Well, that's the same thing, only it's got two different English names. But it spells out for the same.

(But the Arapaho word's the same for each one?)

That's right.

(What does k^w w^{yéi}.-- mean?)

k^w w^{yéi}.n^w h^w w^w.t -- that means "Circle dance." It's a circle.

(What is the Arapaho word for Rabbit Dance?)

n^w.k^w h^w w^w.t -- n^w.k -- that means "rabbit." n^w.k(w) -- h^w w^w.t -- that's "rabbit dance."

No, we don't have no different name for it. But that's what the northern people call that--"Toddle Dance." That's similar to a Rabbit Dance. The northern people call it that--"Toddle."

That's the one. That's the one. That's what they call--well, really, that's the Rabbit Dance that they're doing and at the same time some people calls that the "Toddle." See, there was four couples I had in mind calling for this program--Guy Hicks and Clinton Goodbear and two or three others--they all dance together. And they're familiar with one another's wives and can
