

Well, they start, you know, from a -- from a two.

(Yeah.)

See, two of them going to play.

(Yeah.)

Well, they're the ones that get up and they hit one another. See, they hit -- one of them, maybe, hit on this side. Maybe, he finds it on that other person the one that started the game. Maybe, he find it. Then, this other one, he'll hit this other one.

(Yeah.)

Maybe, he -- he find it too for him, you know. Well, they got to hit again. Which ever one, you know, they can't find it on, well, that's the one, you know -- .

(Yeah.)

-- this other side wins the game that finds it, you know, but over there, he's got to lose it.

(Yeah.)

That's the way they work it.

(And what there -- there are two people, is that right, that hide?)

Yeah, yeah, two people, they start the game, you know.

(Yeah, yeah. And then, once the -- what do they use for the hand game? Little -- what are they pieces of?)

Oh, sometimes, they use a little sea shells, you know.

(Uh-huh.)

Little bitty ones, I don't know what you call them, but they look like shells, you know. They use that kind of -- actually, you could, you know

(Yeah.)

But I see them use that kind.
