

see the body of our dead sister or brother. They took it out and buried it. Even when we would call for them, they would say, "They went." "The angle came and took them home to live up there with him." That's what they tell us. Because they got this bible from this preacher up here and that what they tell us. They went to their grandmother or somebody else. That's what they tell us. We didn't understand too much of that bible when we was young.

(How old is this house?)

We built it in the year of 20...1920. I had it remodeled I don't know how many times. When I take all these off and put other ones on.

((talking about ceiling panels.))

(Is that son who came up to help you, is he the one at Fort Sill?)

Yeah, he works at the post.

(Is he a soldier?)

He used to be. He went through the second war.

(What does he do up there now?)

He takes care of the mail. He distributes the mail, he's got an office.

(What is his name?)

Weryavah. Andrew Weryavah.

(When was the first time you went to a peyote meeting?)

In year about 19...1919. Before then I went with my uncle but I didn't know nothing about it. I just set there and watched them. When I was just a kid you know...Young. I go up here to their meetings here at Richard's spur, he run these meetings there for him. I go up there with him. I go in, set there, listen to him, but you know that time I was to young to understand what he was talking about. I didn't even care if he was running a meeting or not. I just sit there and sometimes I go off to sleep. I don't know whats going on half of the night. Be sleeping.
