

Use own wood. Well, they don't grow like that.

(Yeah.)

But they grow just like that, you know. Sometimes, you find them, you know.

(Yeah.)

Root of it, you know, got good head on it where, you know, where you can hit somebody.

(Yeah, yeah.)

Yeah, they find them like that.

(Do they use the root of the dogwood or the top part?)

Yeah, yeah, the root. They use the root, not the top.

(Yeah. How do you fix that to make a stick?)

What?

(How--how--how did they fix that root to make a stick? And what do--what they do to that?)

Well, they shape it, you know.

(Yeah.)

They have some knife, you know. They, you know, have to shape it, you know. See, when it's season up, you know, it draws up, you know.

(Yeah.)

Maybe, sometime, you have to get it a little bigger, you know.

(Yeah.)

That's about all in that game, you know.

(Yeah. Did they--did they ever decorate those sticks? Did they ever put any paint on them or carve them?)

Yeah, you can do that if you want to, but I never hardly see them, you know?
