

Huh?

(I got some more questions about Shinney.

Oh, all right.

(Uh, did--did they use any medicine before, you know, like the race, did they ever use medicine before they---)

No, I don't think so,

(Yeah. And how'd they score? How do they keep track of the score in that game?)

Well, they got somebody. Let's see. Oh, they got somebody to look after them, but I never see that, you know, how they was doing it.

(Yeah.)

Whenever the ball goes over, well, I don't know how many points.

(Yeah.)

Maybe, probably, one.

(Yeah.)

Like that, you know.

(Yeah.)

I don't know how long they play. They didn't have no--no time, you know, how long, you know---

(Yeah.)

---they're going to play, you know. They just have it go so long, I guess, until they give out.

(Yeah.)

Nobody can't go any--well, they keep score though.

(Yeah, yeah. Now, when they play--did you say when they started, somebody threw the ball up, right?)

Yeah.
