(Now when these parents found out that their boys was dead what did they do? Did they do anything about it? Did anybody do anything about it?)

#### MORE ABOUT THE BOYS WHO RAN AWAY FROM SCHOOL

(Can you tell me what happened after those boys' parents beat that guy up?)

Well, that's all they did. A lot of these Indians didn't want to send their kids to school. And a lot of them did and a lot of them didn't.

(Well, did those people who ran the school get those boys' parents for coming over there?)

I don't know. He never did say. Evidently these Indians were wild and uneducated. They didn't know any law or anything. But when they beat him up and almost killed him they were satisfied. Because they knocked one of his eyes out.
