

tell our mama and daddy to better get ready..to get our horses and beat it." And alright, they went back. And when he got there, he told the people, and they all get ready to go. There was one man, he was kind of onery. He say, "Oh, them crazy people running around of night. Don't believe what they talking about." That's what he said to these people. Well, anyway the mam said, "No, we better go we seen it with our own eyes. They coming closer now, every time they still come. They's just a big bunch of them now. Well, alright, they all got ready and they took off. And this man got on a hosseback and went around the camp, hollering around. Telling them, "Hurry, get ready get your horse." And a lot of them moved, they left, and a lot of them..that man don't believe it. Cause he thought they was just a lot of crazy people running around. And try to make out some kind of a lie. Oh, well, a lot of them moved, and a lot of them didn't go. That's where they killed bunch of men and women. That's where they got hold of this..my grandpa, killed him. Took all that bundle medicine away.

(These are the soldiers?)

Yes, they just went in and took that bundle medicine that was tied up there. When they took it down they just unloose it..they unloose it and scatter it all over. *And this woman was laying under that water, she's the one that came up. And this man, hollering around, and told them that if anybody around here close, and say better come out. [They all gone now. So when they come up there they see the bundle medicine laying all around, all over. And she went and got a blanket and put everythhing in there and tied them up. Yea, and this woman drug it..took it to her home. And way after when they all coming back..people..course a lot of them got killed, and a lot of them got away. Well this woman she says got that medicine outfit . She say alright, we want that medicine back the owner. My aunt, I guess, she's still living, then and my daddy's sister. Her names Misa. She's the one got it back the way they had to buy some horses
