

(What you told Mr. ? about that sun dance?)

There's a place down here at Greenfield. Look at all them heathen dances. If this is a heathen dance, why is it it's mentioned in the Bible? There's branches and there's trees used. You can't show me where it stated in the Bible that all these things are. You go to the old Testament tonight and find it. I read all them things. You suppose to be an educated man. He went to college. Still don't know what you talking about. Says, "Well, I'm going back home tonight and I'm gonna look through the Old Testament and if I can't find it I'm gonna come right here and be standing right here in the same place where I'm at today." He went back home that evening and he looked through the Old Testament and he came to that scripture. And he came back to camp very next day and I was standing right the very same place. And he looked down and cried. He said, "Excuse me. I didn't know a thing about it." It's there. I didn't know it was there." Pray for the Indian people. Instead of naggin on them, Thinking their religion is not better than yours. Which it isn't but they are equal. And he asked me to interpret for him, and from that day on he never mentioned it again.

(Who is this?)

Mr. Branden. William Branden.

(Do you remember what verse this is?)

No, I don't remember. I believe it's somewhere in Genesis or somewhere in there. It's been a long time since I looked it over. It's in there.

(Do you want to tell me how you were preaching it one time and then you decided not to?)
