

know, they got them Indians that works down in there (unin.) all of them, and that's about (unin.) yeah, them Indians are smart people. Justlike any other class of people. You get ahold of one sometimes, they's not so smart, but most of these Indians are pretty smart. And they got a good education most of 'em. They go to school lot bettern then any whites.

(That true?)

You bet.

(Well, do most people feel that way about them?)

About Indians?

(Yeah.)

Yeah, lots of people, lots of Indian woman and men whites (unin.)

(Lot of that, have that back in the old days, was there much of that then?)

Yeah, that was some, yeah. Anyway they stay with them. Yeah, I remember a lot of that. Them days of course way back in them olden times there was after they hadn't got civilized. But not these Indians now, are like whites.

(Well, did you ever hear of anybody mistreatin' 'em back then when you were dealin' with them?)

Indians?

(Yeah.)

No, you didn't hear about no trouble with the Indians much. They might of mistreated them, but if they did, they just try to cheat them out of a little something. The Indians and white people got along pretty good. They stole peoples they try that right now. Oh, you know, not being, that was before my time. They might have been pretty roughy other time. You can go right down town here and you see lots about half Indian kids and maybe men marry white woman. Or maybe the woman marry well just like that. Inter-marry and their nice.

(Well, they take the white mans ways pretty readily?)

Yeah. I'd like to take you down and let you see some Indias that was smart of the devil. They stays around here, this soil conservation. You had lots of schoolin'. (unin.) And most of them from the olden days. These younger
