

the property should have brought more but the bid was equal to or more than the appraised value.

Mr. T.: I object to that on the basis that the statement its self doesn't indicate who Mr. Daugherty, who ever he is, except that he is in the Bureau, whether or not he knew of his own personal knowledge of these facts, was he reporting something he knew or something that someone else in the Bureau knew or thought they knew.

May I see the paper again?

Mrs. E.: Are you questioning the figure or who was talked to concerning it?

Mr. T.: I object to it on that bases and on the additional basis that what it seems to be, what this statement as typed on this page seems to be, is a summary from whatever it was that Mr. Daugherty said, not his statement concerning facts, isn't being quoted, there are no quotation marks on these words that's typed in in addition, in the 3rd line, although its an inference; a possible inference it is still Mr. Daugherty whose words are being talked about there is no need that it is and it says this was the first time that they had received a bid the Bureau of Indian Affairs would accept and that bid had been \$6400. I object to this on the basis of hearsay.

Referee: I wonder Mrs. Evinger, if the County received any confirmation of this telephic conversation from a representative of Bureau of Indian Affairs?

Mrs. E.: No, we received no confirmation. I talked to Mr. O'Field concerning the value if that what your questioning.

Referee: No, I'm talking about the conversation with the Bureau of Indian Affairs.

Mrs. E.: No, no further correspondence.

Referee: No correspondence has been received since that time concerning the figure of \$6400?

Mrs. E.: No.

Mr. T.: The second sentence in this paragraph the 7th paragraph says this was not accepted by Mr. O'Field so the extension was terminated. And let me ask first, if that a continuation or suppose to be a continuation of the first sentence, that is supposedly from the Mr. Daugherty of the Bureau of Indian Affairs or is that something else?

Mrs. E.: I'm sorry, which questioned line were you saying was the quotation of Mr. Daugherty?

Mr. T.: I'm not saying anything was in quotation of Mr. Daugherty's

Mrs. E.: Well, which one were you questioning?

Mr. T.: The second sentence.

Mrs. E.: This was not accepted by Mr. O'Field?

Mr. T.: (Not clear).

Mrs. E.: Mr. O'Field himself told me that he did not accept it. The Bureau also, the man on the telephone also said so.

Mr. T.: And did the man on the telephone also tell you that the extension was terminated?
