

e date visited?

s, (not clear).

Mrs. E.: Date visited in the office May 27, 1969, and in the home May 28, 1969 and the date the form was filled out was May 29, 1969.

Mr. T.: Excuse me, but I didn't catch whether or not that paper said when the land was offered for sale? It did not say what the bid was, so the information, if it is information in the hearing summary, in the first sentence, the 7th paragraph was not obtained from that. From that form.

Mrs. E.: Well, it was taken from that but it wasn't; the dates are not on it.

Mr. T.: What I'm referring to says in May 1969 the land was offered for sale, that appears in that paper that you just read.

Mrs. E.: No, the date is not on it.

Mr. T.: And also that paper you just read state that a bid of \$6400 was received for the land.

Mrs. E.: No, it doesn't.

Mr. T.: The 3rd sentence in this paragraph says Mr. O'Field was contacted during his decision, and the necessity of closing his case and he was not willing to have his resources available to him. Are these contacts on May 27th and May 28th the contacts that you referred to in the 3rd sentence?

Mrs. E.: Yes.

Mr. T.: So at that time you knew what his decision was and that's the reason you were talking to him?

Mrs. E.: Yes.

Mr. T.: What was the date of this land (sale)?

Mrs. E.: May 13th. The public auction was May 14th.

Mr. T.: Would you have a copy of the notice?

Mrs. E.: Yes.

Mr. T.: You received that from the Bureau of Indian Affairs?

Mrs. E.: Yes.

Mr. T.: What date did you receive this?

Mrs. E.: April 15th.

Mr. T.: When were you contacted by the Bureau of Indian Affairs? Following the date of that scheduled sale?

Mrs. E.: When were we contacted?

Mr. T.: You knew when you went out there to see him on the 27th or the 28th that a bid had been made on his property, I'm assuming he didn't come and tell you, that she told you.
