

June Dvinger advised Mr. O'Fields would not receive a July check; and that notice to Oklahoma Welfare, Oklahoma City; would be sent by Delaware County Welfare prior to the 15th of this month.

This is notice of intent to appeal the discontinuance of Mr. O'Fields grant and that said grant may not properly be discontinued pending said appeal.

Yours truly,
s/ Stuart Trapp
Attorney at Law

I wonder if there is anything else Mr. O'Field might add; that he might want to tell the hearing committee?

Mr. O.: Well, I don't know, you mean the reasons or something?

Referee: Well, anything else you would like to tell at all as to what's been discussed here, could you add anything, do you feel there has been anything left out that you feel should be brought out?

Mr. O.: No, I recone not. It all seem like its all the same story, told the same story.

Referee: Yes, Evinger, is there anything you would like to add?

Mrs. E.: No.

Referee: Mr. Dunaway?

Mr. D.: No.

Referee: Let me explain again, if there is no further information, that Mr. Trapp will receive, from this point on in the hearing, two more letters from our State Office. The first letter will be attached to what we call a transcript of what has been discussed here with instructions asking him to notify the department should any errors be found when he reads through the material and the second letter giving him the decision of the hearing committee. And if the final decision is to subv. Mr. O'Field, this would mean that you would be eligible for continued assistance or to deny would mean that you would not be eligible for assistance.

If there is no further information then, this hearing is adjourned.

ADJOURNMENT.
