PONCA ORAL HISTORY MATERIAL
COLLECTED AND TRANSCRIBED BY MEMBERS
OF THE PONCA TRIBE

This material was furnished the Duke Indian Oral History Collection by the White Eagle Community Association, a Ponca group which received a grant from the National Council of Arts and Humanities to obtain Ponca Indian oral history materials. Della Warrior helped obtain the grant, and the project was given the title, "Clyde Warrior Ponca History Project." It is not known who conducted interviews or circumstances of taping except where some of this information appears in the text. Most of the tapes were made in the Ponca language, and these were translated into English by Hilda Davis, a Ponca. The original tapes were retained by the White Eagle Community Association. The materials in this manuscript are presumably translations made by Ms. Davis and it is not known what portion of the complete White Eagle collection is represented here. The materials here are reproduced exactly as they were furnished to the University of Oklahoma Duke Indian History Project, except that some titles and sub-titles have been inserted to indicate breaks in subject matter. The material is organized as follows:
