

(Yeah.)

He had otter cap on.

(What happened, I mean where did he steal the horses? What was the story behind...)

When he went to - when he went to, well, he was one what you call, uh- what you call it, warriors, one of them. Boy, he can just get out there and fight. And uh- just like Quannah was, he was a brave one. So if he likes any horses, why he just go after them. And whoever owns it have to fight over them. If this man whip him, well this man - anyway he gets the way. I don't know owe him your life, I guess. He does it to this Ft. Sill. Yeah.

(He steal horses from...)

He steal horses from Ft. Sill. Yeah and that's how brave he was. He steal horses from the Ft. Sill.

(He steal by himself or...)

By himself. And when he break them in, Dad asked him, "Why they come for you?" "What you going to do with them?" "They're mine. I kill some peoples and got them." You know them days, they not like they are, they don't, they don't arrest them or anything. Find out what they like and take it way from who owns it. It just like, say, I take it away from you all where you got it. Like that. Fights over them and whip them and sometimes he kill them just take them. Even, I guess this man picked on him and uh- he told him he said, "Well," he said, "I was kidding you. I don't want to have no trouble with you because I'm not, I don't feel that way about it." Says uh-, "I believe my native way so much, American Native Church." Says, "But you're picking on me." Says, "I show you what can I done." So he took his wife away from him. He couldn't do nothing.

(This is ((Comanche name))?)

It was ((Comanche name)). He took this other Indian man's wife away from
