

get her. His brother and his wife were standing right there. I call him, he looked at me. I says, "You want to go along?". He says, "Yeah, but..." He went like this towards his wife. I says, "Oh come on, be a brave one like me." Well, he mind me and he walked and got in the car. I say, "You don't have to have nay clothes." I took him, I took him for two years then I brought him back. Then I told his wife, "Here's this, here's her husband. I brought him back to you." And ther's my proof, one sitting right there. That other one on the other side, that's his brother. And I took him away. And that's how come my uncle, I got two uncles that's living on my mother's side. Johnny, Chief they always say I took after this, my uncle. My dad's brother (Comanche name) 'cause he was kind of like that brave one, you know. Said she, "You got his ways." So that's one-time I done it. And I don't deny it. And so I done that, I took his brother away from his wife. And took him two years and now I got a boy, right now by him, by his brother. Right now he's in Vietnam.

(Did his wife try to get after you for that?)

She tried but she couldn't do nothing. She didn't fight or do nothing. She just try to talk rough but at the same time she always cry. So I kept him two years and then I bring him back and I says, "Well sister, I tease you. Here's your husband." Then after they living together, why she died. That's the one we say that he's in uh- over there one of them Navahos. That's him, his brother.

(Oh you mean the one that was kinda gettin' afraid 'cause it was pretty rough out there?)

Yeah.

(Are they still, I mean, do they, you said they said they'd kill each other, do they still do that?)

Yeah. They still do that. That's what he was felling me through the phone
