

(Did you go to the hospital?)

Yes.

(Did you go to Talihina ?)

No. I went over here at Atoka.

(Where?)

Atoka.

(Have you ever been to the hospital at Talihina ?)

Yeah, I been there when the old man went up there.

(You haven't been in there?)

No.

(Just seen it?)

Yeah. I don't know, I don't feel like going down there much. (unintelligible) husband died. He didn't die here you know, he died--I mean he died here, he didn't die over there. When we come home he didn't--he said he rather stay home and die. He said he'd just let God take care of him. So he died right here at home. That's been, be 5 years August.

(Five years in August?)

Um-hum.

(Was he in the hospital over there long?)

About three weeks. He had cancer and they couldn't do nothing with him. He just suffered along.

(And you are her daughter?)

Granddaughter.

(Granddaughter?)

Uh-huh

(What's your name?)

Elizabeth -- (Granddaughter)
