

Brother here, live across the road, he died, but he got medicine like that too, for stroke.

SAUPITY'S:

(Is this Bill Saupity?)

Yeah. He doctors too like that. He doctors TB too. One time my oldest son, he told us--when he was going to Haskel, and it was time for them to go to school and he done that and so his brother got this medicine and I don't know just what he done but he doctored him and got him well.

(Was William Saupity related to Jerry Saupity?)

No. You know, Jerry was just a--Old Man Saupity's step-son. He was married to---his father was a different man, not no Saupitah. But after the Old Man died they just keep him as Saupitah and that's how Mary got that name. They not no Saupitah, no.
