

Mrs. Osborne: The Skedees they use to come and help. You know the other bands. The Skedees. Old Man White Eagle and Old Man John Box would come to the tent you know and stop at our tent.

Use to be Young Buffalo, there would be a lot of us that time (Pawnee words).

Mrs. Osborne: I guess the people loved to camp in them days. They enjoyed it, but it was a lot of work, you know.

THE PEOPLE ENJOYED THE GET-TOGETHERS

There were different people everybody they know. Outside the country, well that year we know--they know that we have camp, they know we have a lot of people over there. They stay for about a couple of days for that. Dance.

Mrs. Osborne: Well, Grant, on this dance that Old Man Sun Eagle had, it was just about west about two miles along the highway here where we live now, and just like you said like that Charlie Allen went and got this old man White Eagle you know, well see Ramona, this Charlie Allen, this White Eagle, Catherine's mother you know, see Charlie Allen, that's Catherine's father. Her name was Ida Allen. That's her grandpa. Old Man White Eagle is her grandpa. And so this Charlie Allen is honoring his wife's grandpa, an elderly old man taking part in this. He was one of the doctors and had him to--they went up to these two doctors you know (Pawnee word) and asked for that pipe you know. And that's Annie's great Grandpa, Anna Little Eagle, that White Eagle.

(This is how Eddie came to be related to Catherine and--?)

Mrs. Osborne: Uh huh that Julia and Julia Little Eagle and Ida Allen are first cousins.

(Did you say that this old man White Eagle was a doctor?)

Mrs. Osborne: Uh huh. He's the one that gave Grant that horse through that pipe we was talking about last night. Different ways they did to representing they giving a horse.

Like old man he remember that. Old Man Sam Allen, he remember that.
