

(And it's white. And what does the brown one taste like?)

Oh, like meat. They're big.

(That brown one is about, oh, 10 inches around, and about 2 inches thick?)

Yeah. Straight down. You can find anywhere around here. Well, we supposed to find this month if we get enough rain - water, you know.

(Well, sometime if I come over we'll go see if we can find some.)

Yeah. Alice, she used to cook everything like that. Now I just don't do it.

Mrs. Welch, she cooks sometimes. Yeah. We have meat, bologna, beans, potatoes, and greens.

(Yeah. You eat lots of Indian things. Over at Standing Rock, they have lots of Indian eats over there. Do the Indian women do the cooking over there.

Yeah. They cook meat.

(What all do they have there?)

Oh, they have everything you can eat. Did you know that they used to have church here?

(What was the name of this old ---?)

Standing Rock Community. Yeah. I used to go, long time. I quit not too long ago.
