(Singing in Cherokee)

PRAYER:

Our Heavenly Father we are grateful unto Thee. You give us a beautiful world. You've been good to us all. You kept us with the power of Your love, and You give us power to understand, and You give us love to live by, You give us air to breathe, and You give us good, clear, cool water to drink, for our physical need now You are ready to give us now that eternal water and food that only comes from Thee. As we leave our world, Heavenly Father, we pray that Thy Holy Spirit awaits-- will be on each and everyone of us, that we may feel it tonight, that we may feel it's presence, that we be moved to do and say the things, that will be along with Your love. Not as man in the flesh, but Your will--our Heavenly Father. There's so many things that we need to pray for. You know all our problems; You know all of our troubles, You know all our needs. So take them all into Your hands now our Heavenly Father, and as we go on before take them with us. Recreate us, strip us, open every heart's door, every avenue of the heart Heavenly Father that we may receive every blessing. Amen.
