

(I just wonder how these different clans got started like that. I always thought they were named after an animal. And then, Hazel, when I was talking to her, she said that there was the land--the earth clans and then the sky clans.)

Uh-huh, well, the sky clan is all I know. And Katie and Rosie, I think they belong to the bear clan. Katie's clan now they can't visit the sick, they make 'em worse they say. Rosie and Katie Whitehorse.

(That's the bear clan?)

Uh-huh.

(I guess that's what Aunt Molly was, because she never go visit anybody in the hospital or if anybody was sick she never so visit them.)

That was it.

PEYOTE OR CATHOLIC

(Did you belong to the peyote before you belonged to Catholic?)

Father Edwards used to come on in camp and, you know baptize to Catholic. So he baptized me and my mother and my brother, I think. When my mother married Katie's father, see they were Catholics so he had mama and us baptized. Mother married him when I was just a baby. So I never did know anything was happening.

(Well, was she--)

She was baptized Catholic but she always went out to your church.

(Oh, I thought about everybody was Catholic.)

She was baptized. But she always went out there.

(That's the way with, you know mom and dad. Dad's family thought you know on the white side, they were Christians and his father was, they were Catholics first, and then mama's family were all Catholics and then Uncle Wakon, when he started preaching you know and they become Baptists.

WAR DANCES

(Was there ever a time when the war dances when they kind of fizzled out for a while?)
