

I have kicked myself many times for not going back. He had me a room and everything picked out there, that boy did. He worked in the Y.M.C.A. there. It's gone now, that place. He worked in there. Everybody ate in there. I could eat in there, all my meals. And if I needed help, I could get help there, if I wanted it, which I, probably did. I didn't know how to study there. I had never studied in high school. I always got mine in study hall. I never did study. I always got mine in high school and in study hall. Took all my math work there. I didn't take chemistry or physics. I didn't want it. I didn't take it. I took all those other things. I didn't have any trouble with 'em.

WORK WITH THE GOVERNMENT IN INDIAN DEPARTMENT

(sentence not clear)

Yeah. That's besides - while I worked on that other - just paid \$45.00 a month. Then I got on as an aid and that paid \$100.00. That looked better. Then I got on regular then. And then I worked all over. First I worked in annuity section. I made that roll, you know that paid all those Osages. Made all that. Kept the records of all the different Osage, where they were, mostly on the - that's what Lillian Matthews does now. I did that. I used to make only full blood, quarter, mixed blood, several different degree, you know, have to keep, make 'em balance out anyway. And head rights. And we - see Archeker (?), he handled all the estates. He used to make out the checks, you know. Make out the checks for the - they got different section for that now. He handled all that then. It was all in one part then. Yeah. He made checks for these estates. I was his helper, that's what I was. See, till he died. Then they transferred me to account section. I worked on those machines a long time. Then I went in insurance and ended up in land section, that is the realty section. That was where I was when I quit.

(Did you quit or did you retire?)
