

REMARKS MADE BY THE MAYOR FOLLOWING THE SPEECH BY MRS. HARRIS

There are some other introductions that I want to make in addition to the ones that Mrs. Harris has already made. (This is Mr. Gover, who is the assistant director for Oklahomans for Indian Opportunity, and Miss Waller, the office manager of Oklahomans for Indian Opportunity. She is the one who registered you out with the man at the registration desk. Some of the other staff members will arrive and be with us tomorrow.

((The remaining part of Side A of this tape is made up of further individual introductions of visitors and local personalities. Also, some merit awards were presented to various persons. However, there was so much static interference on the tape that it was very difficult to understand all the names or to understand all of the information.))

* Side B of this tape is blank.
