

First man out there, you know. . . . He said, "Yeah, I. . .right next to. . . .  
 And a couple of weeks he said, "where is this land at that you found that be-  
 longs to some full-blood that people don't know who owns it?" So I said,  
 "Well,....." showed him about 200 steps where it was. "There it is. Right  
 across the road." So we went over there. And he said, "I hope this isn't whose I  
 think it is. . .the man that owns the lease, doesn't he?" So he found it and  
 sold it. And he sold it 10 acres. But when it came time to make a title, it  
 seems that they couldn't locate the person that advertised in the Nowata paper.  
 'Course he couldn't have been over a year old anywhere and advertised in the  
 Nowata paper. The person who owned that land will appear in court. "But he  
 didn't. So the title that was when this fellow was trying to find out who the  
 land belonged to. (Static interference.) He made. . ."tenant" from out of it.  
 (Tenant farm?)

Yes. He was a farmer.

(Yeah.)

He would. . . .He didn't need to work. He had me to do it....with the neighbors.  
 And he started settlin' down and. . . .

WHERE DID THE IRONSIDE FACTION ORIGINATE

(And when did the Ironside faction come from?)

You mean, where did they.

(Yeah. How did that originate?)

From Kansas City. It comes to me. . .Robert P. Ironside, and old man, came down  
 here with the Shawnees to the reservation given by the Cherokees. And they hid him  
 with the Cherokees. . .Johna Franklin. They think they know what's good for them.  
 Dave Carpenter and Sol Ketchem. . . .

SHAWNEES ALLOT LAND FROM CHEROKEES AND HAVE NEVER PAID

They were Shawnees come in here from Kansas. They were allotted land with us,  
 same as we did. We never did get paid for that. We were supposed to get paid  
 when they got. . .when they started those Kansas City tases. . .Kansas City, Ka.
