

lot of places they could hide.)

Sunday: About two years ago, I started working down here brush hogging in an old field. I found one. It was about 8 feet long.

(Eight feet long, well that's a big rattlesnake.)

(A long pause) He look like big as two of'em.

(How many rattles die he have?)

Fourteen rattlers. And I killed one down here at the river, a year ago last fall. He was laying right in the middle of the road. An old boy skinned it, and he kept it. I killed five copper heads there one day.

(Five copper heads?)

Yeah. In one spot too. I had a little door laying there and they come through down there. I decided, might as well go get that door, gate. Boy I mean all four or five of them was under there.

MANY DEER IN EARLY DAYS AND AT THE PRESENT TIME

(Wonder if lots of deer up in this country?)

I seen a deer up here yesterday. I guess it had about fourteen points on it.

(Well, just a little fellow.)

Yeah. Boy, had a bunch of them on there.

(Well, it must be up a lot of 'em here in this country, but you don't see them much though. I see a lot of tracks around.)

Lots of deer. See 'em when squirrel hunt.

ANIMALS AND TREES

One time last summer, we find two little ole' black cubs, just
