

is God of the Universe and that God was the one that provided the water for support of life. So she drink and prayed and Bless the water and then gave it to that white man. I was right there. I know that happened.

(This other fellow, I've heard them say that Kickingbird's brother--it sounds something like Kawgoo.)

Like what?

(Kawgoo.)

(Mrs. Curley: Kawgoo sound, or Dawgoo, or something like that.)

(Sound familiar?)

I don't know.

(Mrs. Curley: That was Kickingbird's brother.)

(Name not clear).

(Mrs. Curley: Name (not clear) ?)

I was too little. All those old timers dead now. You don't know who to go to now to get any history. Aint's nobody left.

(Mrs. Curley: Is Bert Geikomah still living?)

Yeah, but he don't know. He can't remember.

(The original Kickingbird is supposed to have a daughter. What's her name?)

Aut-mah. She was a princess sure enough. Real princess. She could have anything in the world that she wanted. That like a millionaires daughter. Aut-Mah. Today, people make fun of girl when they cry for something. "What's the matter, trying to be Aut-Mah?"

(Well, did you ever recall how many wives the original Kickingbird had?)

How many what?

(Mrs. Curley: How many wives did the original Kickingbird have?)

I don't know. Did you ever get that story of Mishkin Wes Labane or Jane

Richardson, or Rank & File of Kiowas? (Rank and Status among Plains Indians by Westly LaBarre, an AES monograph)

(I've seen it before.)

They have a list of all the chiefs and how many wives they got. Find it in there.
