

Timber growing.

(Well, did you have school houses in the early days too, school house down here at Moody?)

Down below there, We had a church house down there and then they had a school house down there too. --- That was called Moody's school, The old convention grounds, that's what it was called, where they use to hold convention, ever since I can remember.

LAWLESSNESS

(Most of the people around here at that time where Indians too, huh?)

Yeah, uh-huh. Had a killing one time about 4 o'clock in the morning, we wake up, guns were going everywhere, and there's sky lift up and shining light come through. Elie Walford ---- I don't know who all was there. Elie Procter was killed there.

(Where did that take place?)

Right there below Moody store. Just right down the branch there little way. The old convention grounds.

(Well, did they have a disagreement of something?)

They was all drunk.

I forget what the trouble was about. I don't know who all was shot but some of them was wounded, got killed. They called him (not clear) they thought that's where they had the convention you see. Finally they --- they had convention up there.

CONVENTIONS TO DISCUSS PROBLEMS AND GET TOGETHER
