

assistant pastor under Delores Lone Wolf.

(Under who?)

D. K. Lone Wolf.

(Was this before you got your license?)

No, after I got my license.

(Did you have any Sunday School teachers?)

Yes, superintendents and secretaries.

Jenny: Teachers.

Teachers, they just like the white church--the same way.

Jenny: They have teachers for adults, youth and little children like his size and the kindergarten. They had about four or five teachers to teach class. They run everything just like the white church.

(Have you had pretty good attendance at the churches where you've been?)

Yes, at Mt. Scott we have a wonderful attendance. And then at the-- well, all churches, they sometime, they come out big. You know, large--maybe raining or snowing, bad weather get 25 and 30 and 15, something like that.

(What were some of the problems or some of the difficulties that you've encountered in your work as a minister?)

Well, sometimes it's they don't come just like they should on every Sunday. Sometime a problem of that. To go to somewhere else, you know or Sunday School is just drop or the church has a drop. That's mostly the trouble we have and that's about all I know.

POWWOWS. PRESENT REAL PROBLEM TO CHURCH ATTENDANCE
