

Prayer: Our Gracious Heavenly Father we do thank Thee again to this wonderful day which Thou has given us and again we pray to Thee oh Lord, if we have followed the desire of our own hearts, just forgive us for a moment this day Lord. As we pray and bow our heads together this afternoon, this day we have been looking forward to as a prayer that had been made last year at the close of our ceremonial. We said, "Lord if it was possible, that again we would all gather together in this manner a year from today." And again Lord, we are going to ask you for that again. May Thou just be with us through the days that lies ahead of us and if it's possible that we would all gather in this manner again a year from today, all in good health. We ask you for that Lord. We pray for our friends who have come from far away this day that is among us. Here under this shade. Who are encamped with us, We have white friends who are encamped with us. Lord we pray for them all. May Thy just be with them, fulfill their needs whatever it may be. And Lord, this day we pray for those whose hearts are heavy this day. We know Lord that Thou are a great comforter. May Thou just fill these people's hearts. The emptiness that they may have, may Thou just fulfill it with wonderful blessings for them. We look up to thee Lord, for many things. We just ask you-- we know that you are the keeper of all good things. This afternoon we want you to listen to what we have to say as we gather together under this shade here. We ask that you be with the Mopope family who has been so wonderful in letting us gather in this manner in their home. May Thou just fulfill their needs for them. And again Lord I want to thank you that we can call on you in our need. We remember our boys this day, Lord, wherever they may be. We have placed them in your hands and each day, Lord, we ask you to just take care of them for us. Be with them in all the things they may have to face. Maybe there is a moment there, a decision that is going to have to be made. Lord you make it for them. Maybe there is their prayers that's going to be whispered to you. Lord, answer that little prayer for our boy wherever he may, be this day. Make a way for them, that not too long, they would be back in their homes. And again Lord just be with us
