

say.

(Didn't when old man Minkee had those meetings there, do you recall who all was in the church with old man Minkee?)

Yes, there was old man Minkee was the head of the group there at that time and I remember Mr. Koshomoh was there. He called Koshomah.

(What role did he play? Was he the drummer chief or the fireman or..?)

Well, I just don't remember what play, I mean what part he took. And uncle Dan West was there. Living there at that time.

(As I understand, I remember the, when we were there, didn't we use to move there several days ahead of the meeting and did we prepare it? Was my dad was one of the firemen there? What part did my dad play in the meeting house?)

I imagine he did take part in that. I don't remember.

(Uh, uh I thought he was the first fireman.)

He was.

(And it was his duty to get everything prepared.)

Yes.

(And what were his duties? What did he do? And how...what did he do? And when you all went over there, did he kill a beef or what'd he do? Get the wood ready?)

He got the wood ready and first they had to get this sweat house ready. And he got rocks.

(They all break up into laughter.)

(Getting all this prepared for this meeting, these all these men did they come two, three days ahead of time or did they, I mean they had to have a sweat before they go in there. Was that the day before or two days before.)

Day before, yes.

(Do you remember uh who all might have come out there and attended those meetings?)

I mean Osage names that came out. Not much like uh old man (name not clear)
