

What?

(Some Cayugas)

Yeah there--

(And Delawares)

Delaware. Yeah. Yeah. Lots of tribes you know.

(Oh yeah lots of them. And all of them had hard time too.)

Yeah, hard time. And they all talk different. ✓

(All of them have different talk.)

Speak their own language. You know the Creeks have a different language.

(Yeah the Creeks have a different language.)

I told a fellow one time well they have to have pretty good sense to talk

Creek I told him. Yeah, you can't understand what they say. It's funny,

looks like they could talk one language.

(Yeah it seems like that would be.)

But is, every kind of different language.

(Each one got different language.)

Yeah.

BIBLE GIVES REASONS FOR DIFFERENT LANGUAGES

(I just--must be reason for it.)

I imagine that's what reason for it. It's way back.

(Way back there yeah.)

You know when they tried to build that tower from earth to heaven one time.

(Yeah)

They work you know. They work so high you know. And God Almighty talk--

you know. He's got to do something you know to stop that.

(Uh-huh)

And so he done something, they were up pretty high. He went and change the voices.
