

(Yeah, he knows how to get by.)

Better than anybody.

(Better than anybody.)

'Cause they beat up that old corn and live on it. I don't see how they ever done that. They was pretty ingenious to be able to do that.

(Well, it's something that comes from hundreds of years ago then. It's been passed down to them.)

I think of that corn--put it in a skin, carry their water in a skin, and travel over these deserts.

(Yeah.)

Just like that old Geronimo, he was a pretty smart fellow.

(He was. He's a smart fellow.)

He's smart enough that they had an awful time getting him. I don't know how he could ever escape.

(I don't know.)

But that's what happened. That's the way he lived. Surviving was a big thing when you're traveling in a desert.

(But they knew how, though.)

They knew how and done it.

(And done it. They proved that.)

Talking about them changes. These changes coming so fast it's pitiful, you know.

(Oh, it's pitiful.)

REFERS TO CHRIST AND THE BIBLE

(He did.)

(He said it and it actually came about.)
