

community.)

Yeah, there was a few stores there. It's big now.

(Yeah.)

Used to be. Yeah, that's where we went, Southwest.

(Yeah, I've heard about Southwest City in it's early days. I guess it was kind of a rough place at one time over there.)

Yeah.

(People shoot each other.)

Yeah, sure did.

(Seem like when they weren't shooting each other they were robbing the bank.)

Yeah. Yeah, that Southwest City has grown from what it used to be.

(Well, that's an old place, though, isn't it? And on south of Southwest City was there a place called Maysville? That was an Indian settlement at one time, wasn't it?)

Yeah. You know it's just all gone though now.

(Yes ma'am it's all gone though now.)

Last time my neighbor over here, us was riding around. Went up in there, old stores was all tore down.

(Well.)

There ain't nothing there like it used to be. My folks hauled lumber from there in there somewhere when they was building the house down home.

(Well, this creek has it always been that big or is--it looks like a pretty good sized creek, comes down through here?)

Oh yeah. When it's lots of rain, you know, it gets big.

(Well.)

Yeah, it's pretty good size creek. But it--you know, it stayed dry so long it's--I don't know seem like that lake must have hurt it somehow.

(It must have. Yes ma'am.)

It never does get big anymore does it? It used to get big enough to wash them cows down there.

(Well, you know that's something else that's changed, the creeks have
