Mr Jerry Fulson,

McCurtain, I. T.

Dear sir:

Replying to your letter of recent date, wherein you request me to endorse your note for \$500.00, I beg to advise that I do not feel that I can afford to go on this note. My experience has been that I usually have these notes to pay at maturity, and I can not afford to take the risk of paying this amount. I have accommodated you often in the past, and I feel inclined to do you any reasonable favor, now, but I can not, in justice to my family accede to your present request.

PSL

Yours truly,
