

Stigler Olla

Dec. 20 - 1938

Dear Catherine.

The other night I heard them singing over the radio - they were singing Christmas carols, and they sang Gingle Bells and old St Nicholas the songs you and Yvonne and Helen sang the Christmas before she died. It was so bad to me. I could just see you all in a row - Every thing is so dull. nothing but W.P.A. work and every body guessing over that and lots being put off - and so on and on and it about all you can hear. Hennie Harris and Helen Ullum got married. Katharine Pierce has a baby about 6 weeks old. Edna Wyers has fell in love with Hampton Tucker he was supposed to be down yesterday to see her I guess he came. Nona came home last Friday night. George came home last night. he thinks he will get to be over

head trainer at Tulsa University next
year. Edmund M. Curtain is teaching
in Tahlequah he married that girl
he went with in Norman.
The same day or next day after
you left Cecil came and
stayed overnight with us - I went
down to get Victor's address from
Mr Pearson and I saw he put
it on his envelope so his address
would be on one side -

Jack Davis got hurt in an automobile
accident and got his leg broke and
his hip crushed. he is awfully bad
hurt has been in the hospital 3 weeks
monday - I had a letter from Mr
Hart and he is trying to sell out
and move down here. Lona made
you and Mack some candy and is
sending the box this evening
well I will write you again
Your Mother
