

House of Representatives U. S.

Washington, D. C.,

July 26, 1906.

General Porter,

I notice in your statement to the
Creek people now being published in
the Tribune papers that the Secretary
of the Interior has without authority
paid out \$83725.41 of the Creek
people's money. If you will see
me & explain the matter to me fully
so I can intelligently explain it
upon the floor of the House I will
introduce a resolution calling on
him for an explanation

Truly
Yours
Spillmeyer
