Fabric--Illinois River

HENRY PARKER, INFORMANT
Scraper, Oklahoma

Frank J. Still
Research Worker

There was another ferry established near Ellerville, Oklahoma.

Just about one-half mile north of where the bridge crosses the River.

near Combs school house.

This ferry was established by a sawmill man by the name of

Kinzie. I do not know his first name. This ferry was established

about 1900 and operated until about 1926.
