Joe Southern,  
Investigator,  
December 9, 1937.

An Interview with John Ward,  
Chickasha, Oklahoma.

Wild Indian Skeleton

This discovery of an Indian skeleton near Reynolds has been described by me in a previous interview.

The skeleton was turned over to the Reynolds School by Tom Kilmer, our present Atoka County Sheriff.

I have forwarded to you the joint of this skeleton having embedded in it the flint arrow intact and some beads that were found with it.

---

I am sending you also herewith a picture taken of the skeleton.

Picture attached to original copy of this manuscript.
