ARROW HEADS

#12145

258

HUMMINGBIRD--BIGBY: ARROW HEADS: 12145.

Bigby-Hummingbird,
Investigator's.
November 15, 1937.

"TYPES OF ARROW HEADS"

Here are the types of arrow heads that are found at these mounds near Old Greensburg on the Arkansas line.

These arrow heads are found in direct line. The black on one side and the cream colored on the other.

The flint is found all over this country or on this old prairie.
