The cemetery reported herein is located on the eld John G. Ring Ranch home, about two miles southwest of Braden, Oklahoma, about two hundred yards north of the Fort Smith Boggy Depot road used in ante-Bellum days. 145

It is hard to determine just how many unmarked graves there are in, or near it; but I am informed that its extent at one time was much greater than the small plot which is now enclosed.

The small inclosure is only about thirty feet by thirty feet, and has but three marked graves; but traces of many others are outlined.

Should occasion require it, the survivors of those whose graves are marked, the Falconer family at Spire, may supply information which would lead to their identity. GOWER, COMER-CEMETERY-CHOCTAW-CHICKASWW John Taylor
