EDITORIAL ON ISPARHECHER

Chief Isparhecher has called a special session of Creek council to convene at Okmulgee August 24th to advise together in regard to the proposed treaty with the Dawes Commission. In his call he requests each member of the House of Kings and of the House of Warriors to consult with their constituents before coming to Okmulgee and find out just what the wishes of the common citizens are. It is proposed in this way to get the concensus of opinion of all the Creek people relative to a treaty.
