LETTER OF FUS FIXICO

Well, I think was have to make big ark like old Noah and put my families in it if it was keep on raining this way all time. Guess so It rain 'bout forty days and nights, too, already. But I was want no animal in that ark except lots a hog meat and 'bout wagon load of sofky corn, and also 'bout hundred bundles a devil shoestrings to to pizen fish with maybe. Hotgun he was good etow calafa (carpenter) and he says he show me how to make ark better than what old Noah had. Maybe so Hotgun thinks he could get in and go to Mexico easy this way, but he was had to look out himself like me.

Well, reckon so them Injin delegates was all in Washington looking at lots a things to talk 'bout and was drink lots good whiskey instead old sour sofky like at home. One Snake Injin says he was

stay at Washington put near six months maybe and had good times. He say Washington was like Saturday in Eufaula all time, but he say he was see no cotton and renters like in Eufaula. He was see nobody but big mens that was not wear overalls and buy things with due bills. He says them big white mens was ride in wagons that didn't had no horses hitched to it neither and run like down hill all time. But he say he was not had chance to see president and secretary interior and make treaties before he was had to come back busted.

I read in Journal Charley Gibson was go to Gulf a Mexico. He say he was Snake Reporter and maybe so he call council and tell Latah Micco and Chitto Harjo he was find lots good hunting ground cheap.

Wacache was not quit make medicine. He was got lots water to make it in, too, Limbo creek was get so high he was had to make sick folks wash off out in the woods.

Please you must tell postmaster I was not want my deed go back to Porter or dead letter office. Maybe so I come soon and get it.

So I write you more news to put in next time.
