Dear friend

Yours of 17th inst to hand and in reply I can say that I am doing just what you say I am required to do to the fullest extent of my ability. The Eufalu people are here yet but I was informed by Palmer that he would leave for home tomorrow but did not say anything of the others have not seen them for three days They dont come around much they came and paid me a visit once since they came.

I learn the Government wishes the senses of our people and they willing to pay for it. I went to see the man that has charge of the senses baughro when I got there Gudge Stidham & W.A. Palmer were there and they been discussing the matter with him and given him what information he wishes so I had very little talk with him as he went to work with the Cherokees & Seminoles. But have given Palmer instructions how and what he wanted done. Palmer will see you in regard to the matter. As our country has six dists it would be proper to appoint a man in each Dist. W.A. Palmer is an applicant for Wewoka & G.W. Stidham for Eufala and I suggest Col. Wm. Robinson for Muskogee Wm. Grigory for Coweta Josephos Robinson for Deep Fork Jno. Porter & S.W. Brown for Okmulgee as the Eucheas are living in that Dist. The four hundred thousand dollars, bill is now before congress but has not been taken up yet it was sent up yestarday pritty well recommended. I hear this afternoon that Oklahoma bill will go back to the Senate Comtt.] on Territories it appears

that there is a reaction taken place since the passage of the bill in the house but wheather it will be for our interest am not able to say but I hope it will. We are going to try hard to have amendments put in on the court bill part. the Cherokee strip is what giving all the trouble.

I hope we will come out pretty well after all the skuming and lying on the Indian Territory part of Oklahoma. I would not be surprised if the Comtt~~z~~ was to report in favor of the Platt bill and leave the Indians out as before.

Your most obedient

N.B. Moore
