It is understood that a convention composed of delegates from the several principal Indian Nations friendly to the Confederate States will be held at some point in the Indian Country and that the time of its meeting is to be fixed by you. Mr. Scott the Commissioner of Indian Affairs, is now here en route for Richmond but expects to return to this Department, as soon as the state of his business at the Capital will justify him in doing so, as he will upon his return, be fully possessed of all the wishes and intentions of the Government in regard to the Indians, it would

perhaps be advantageous to
all parties concerned, should
he be present at your delibera-
tions I would therefore suggest
for your consideration that
the convention be not held
at an earlier day than 1st Feb
next by which time he will
no doubt be able to reach the
Indian Country
